

Another Look – The years of KOGART in images

KOGART Exhibitions Tihany

14 October – 31 October, 2016

Since its foundation in 2004, the Kovács Gábor Art Foundation has organized more than a hundred displays of art. We at the KOGART team are proud to think back on the exhibitions we have staged in Budapest, elsewhere in the country, and abroad—and not only because we could show the public the prized treasures of the Foundation, but also because we love what we do.

Sometimes is it worth pausing for a moment and looking back on the road we have travelled, so that we can make use of the lessons of our experiences for development in the future. This moment has come for the Foundation, and we now invite our audience to turn the pages of an imaginary album and relive the highlights of our shared past.

This unconventional exhibition presents posters and photographs that we hold particularly dear, and introduces those articles – bags, pencil cases, purses – which we have recently had made from the banners of the exhibitions. Purchase one of these keepsakes to remind you of those great moments!

The display is on view from 14 until 31 October, 2016, between 10 am – 6 pm daily. **Entry is free!**

The exhibition is realized with the support of the Ministry of Human Resources.
